Ian Huen Chief Executive Officer and Executive Director Aptorum Group Ltd 17th Floor, Guangdong Investment Tower 148 Connaught Road Central Hong Kong

Re: Aptorum Group Ltd
Amendment No. 1 to Registration Statement on Form F-1
Filed August 16, 2019
File No. 333-232510

Dear Mr. Huen:

We have reviewed your amended registration statement and have the following comments. In some of our comments, we may ask you to provide us with

information so we

may better understand your disclosure.

Please respond to this letter by amending your registration statement and providing the

requested information. If you do not believe our comments apply to your facts and

circumstances or do not believe an amendment is appropriate, please tell us why in your response.

After reviewing any amendment to your registration statement and the information you

provide in response to these comments, we may have additional comments. Unless we note

otherwise, our references to prior comments are to comments in our July 30, 2019 letter.

Amendment No. 1 to Registration Statement on Form F-1 filed August 16, 2019

Smart Pharma Token, page 8

1. We note your response to comment 2 that the SMPT tokens are not being offered or sold $\,$

to U.S. persons and that the transaction documents and agreement governing the tokens

implemented guidance in SEC Release 33-7516, including, for example, whether the $\$

issuer's website:

is password protected with procedures reasonably designed to ensure that only non- $% \left\{ 1,2,\ldots ,n\right\}$

U.S. persons can obtain access to the token offering;

Ian Huen Aptorum Group Ltd August 30, 2019 Page 2

limits access to the internet offering materials to persons who can demonstrate that $% \left(1\right) =\left(1\right) \left(1\right) +\left(1\right) \left(1\right) \left(1\right) +\left(1\right) \left(1\right) \left$

they are not U.S. persons;

includes a prominent disclaimer that clearly provides that the offer is directed only to

countries other than the United States; and/or

provides that the tokens are not being offered in the United States or to U.S. persons.

2. Please advise us of the provisions of Regulation S that you are relying upon in offering

and selling the SMPT tokens. Please provide a detailed analysis as to how you meet each

element of those provisions.

 $\ensuremath{\mathsf{profits}}"$ or "net income" of SPLP. However, the disclosure in your registration statement

discusses royalties based on "net sales," "revenue" and "positive cash flow." Please revise $\,$

to address the inconsistency and to clarify whether distributions to token holders

following a liquidation, dissolution or winding up of SPLP could exceed the amounts set $% \left(1\right) =\left(1\right) +\left(1\right) +\left($

aside from net sales and other revenue.

4. We note your response to prior comment 4 and your revised disclosure on page 9.

Please revise your disclosure, consistent with your written response to comment 4, to

clearly state: (1) you do not believe the net proceeds from the sales of the tokens will be

sufficient to fund all of SMTPH's current and future operations; (2) you may provide

SMTPH with the additional funding as necessary; and (3) the percentage of funding

provided by you and/or additional sources will not affect the portion of royalties and/or

profits token holders will be entitled to. Additionally, please include a risk factor

disclosing the fact that the distributions to token holders are not correlated with the

number of tokens sold or amount of proceeds raised through token sales. In this regard,

we note that the dollar value of distributions will not be affected by proceeds from token

sales that greatly exceed or are significantly lower than the cost of funding SMTPH's

current and future operations.

You may contact Jeffrey Gabor at 202-551-2544 or Suzanne Hayes at 202-551-3675 with any questions.

Sincerely,
