On November 17, 2022, Aporum Group, Inc. (the “**Company**”) received a deficiency letter from the Nasdaq Listing Qualifications Department (the “**Staff**”) of the Nasdaq Stock Market LLC (“**Nasdaq**”) notifying the Company that, for the last 30 consecutive business days, the closing bid price for the Company’s Class A Ordinary Shares has been below the minimum \$1.00 per share required for continued listing on The Nasdaq Global Market pursuant to Nasdaq Listing Rule 5450(a)(1) (“**Rule 5450(a)(1)**”). The Nasdaq deficiency letter has no immediate effect on the listing of the Company’s Class A Ordinary Shares, and its Class A Ordinary Shares will continue to trade on The Nasdaq Global Market under the symbol “APM” at this time.

In accordance with Nasdaq Listing Rule 5810(c)(3)(A), the Company has been given 180 calendar days, or until May 16, 2023, to regain compliance with Rule 5450(a)(1). If at any time before May 16, 2023, the bid price of the Company’s Class A Ordinary Shares closes at \$1.00 per share or more for a minimum of 10 consecutive business days, the Staff will provide written confirmation that the Company has achieved compliance and the matter will be closed.

If the Company does not regain compliance with Rule 5450(a)(1) by May 16, 2023, the Company may be afforded additional time to regain compliance. To qualify, the Company would be required to remit an application and submit a non-refundable fee of \$5,000. Additionally, the Company will be required to meet the continued listing requirement for market value of publicly held shares and all other initial listing standards, except for the minimum bid price requirement. In addition, the Company would be required to provide written notice to Nasdaq of its intent to cure the deficiency during the second compliance period, by effecting a reverse stock split, if necessary. If NASDAQ concludes that the Company will not be able to cure the deficiency, it will provide the Company with notice that the Class A Ordinary Shares will be subject to delisting.

The Company intends to actively monitor the closing bid price for its Class A Ordinary Shares and will consider available options, including effecting a reverse stock split, to resolve the deficiency and regain compliance with Rule 5450(a)(1).

On November 18, 2022, the Company issued a press release regarding the deficiency. A copy of the press release is attached hereto as Exhibit 99.1.
